Comeback of the 1st XV finally	P.1
Granted—Planning Permission	P.2
Membership Prices and Fees	P.3

After a shaky start, Ampthill's 1st XV begin their campaign to top the table.

Ampthill now stands forth from the top of the National 3 London and South East table.

Hopefully the habit of giving away the first score to the opposition has passed, our squad are capable of excellent rugby and show examples of this brilliance in every game. Consistency must be their main focus moving forwards.

Watching them play is exciting and they deserve and enjoy all the support from the spectators. If you haven't seen them play, come and watch. They play to a very high standard.

The Scores so far:

General News

Planning Permission has been granted for us to develop the two new playing pitches.

The Central Bedfordshire planning committee were unanimous in their support when granting permission for the new pitch project at the planning meeting held on Wednesday November 10th.

So, in order to help pay for this project, the club needs to raise money.

Just to get this far has already cost the club £42,000.00 - with archaeological and ecological surveys along with many other preparations.

Full credit needs to go to everyone who's contributed to FOAR & POAR and the back-room boys who have put in so much hard work and been involved in getting us this far – thank you.

So we need a big 'last-push' on the Land Lottery Tickets please, to fund this project further and pay for the land to be levelled early next year and prepared in readiness for next season.

The Ampthill MINIs have had success in several festivals .
