

NORTH HYKEHAM RUFC
YOUTH PLAYERS PARENTAL MEDIA AUTHORITY

I Parent / Guardian of

.....

In accordance with North Hykeham Rugby Club's child protection policy give authority for my son / daughter to be included in any future press and media articles in relation to the youth sections operating at the club.

This may include written as well as photographic images which may be posted on the club web pages, the RFU site and the Lincolnshire Sports Partnership site.

I also authorise any such images and articles to be reproduced in the local newspapers, district and county council periodicals and any other outlet that the club officials regard as bona fide to promote the development of the game of rugby football union at North Hykeham.

In practical terms this means that the club will not carry a story together with a photographic image whereby the identity of an individual youth player can be established. They may run a written article naming a player but photos will not carry an individual's identity.

I am aware that I can withdraw this authority at any time in future without giving reason.

I am also aware that if I do not authorise as above it WILL NOT prejudice my child's involvement in the youth section at the club.
