

Rugby First

Quick Guide

Creating links to Leagues

The league link enables to create a link to a new web page that will display a variety of information regarding the league your club currently competes in.

You will be required to create or edit an existing page on your site to add the league information.

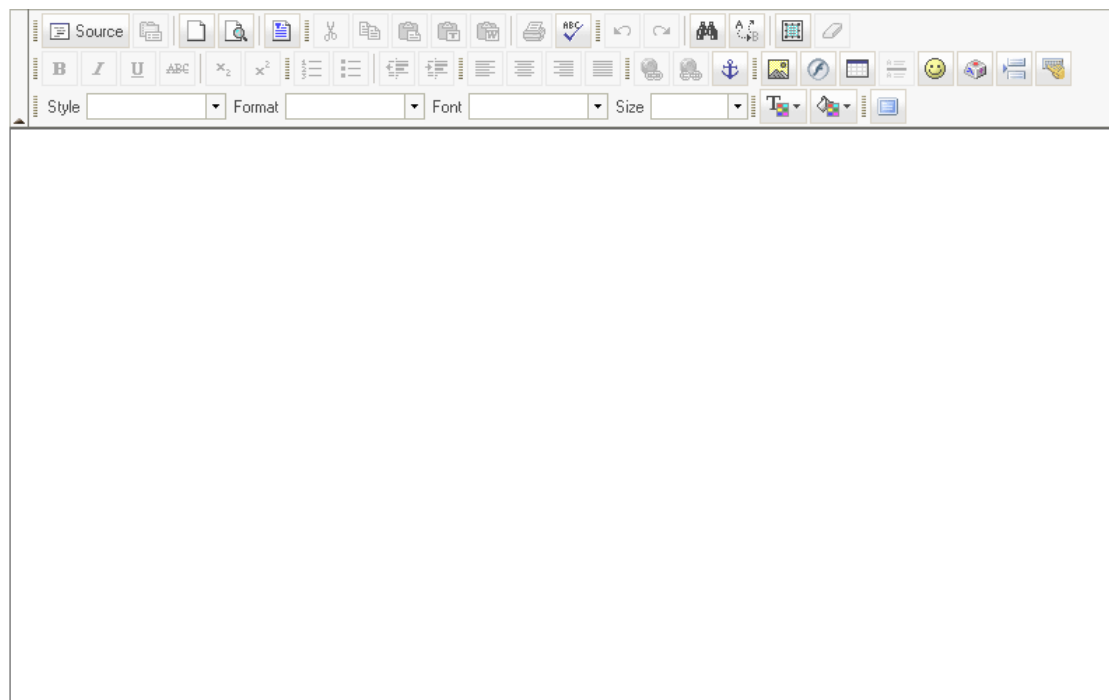

Once you have created a new page, select the page you wish to enter the new details.

Once the screen has opened select the edit option at the top of the screen

A new editing screen will open, allowing you to edit the web page.

Webpage Settings

Should this page be accessible to the public ?

Please provide a title for this page

Menu Name

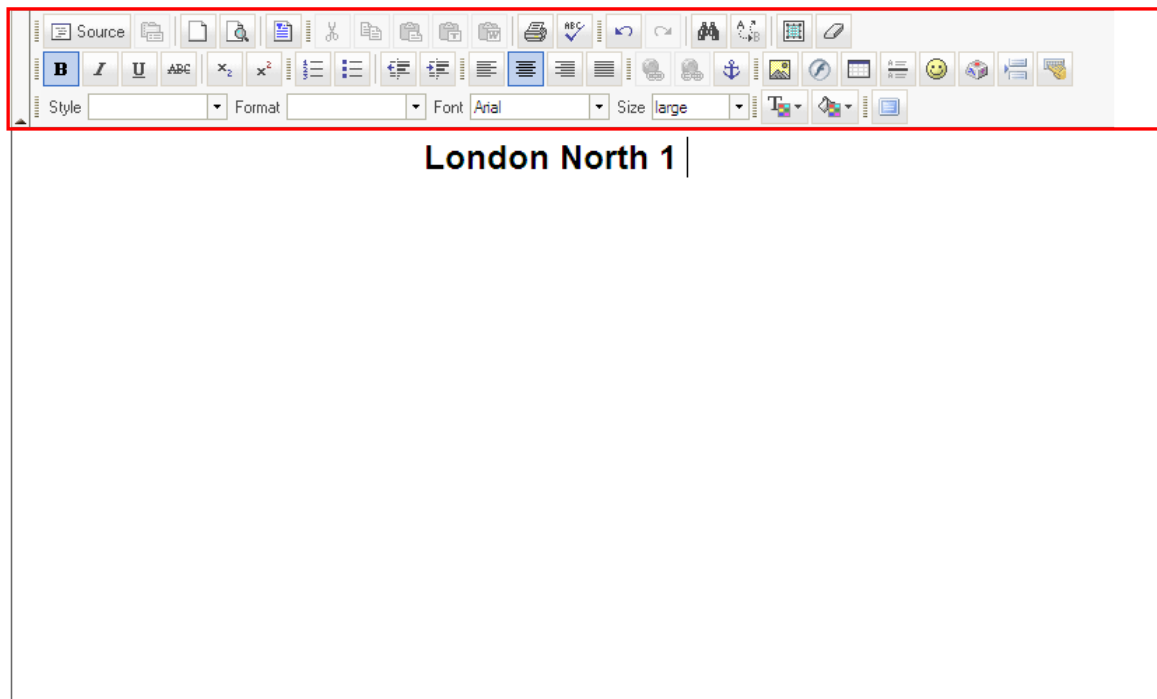

Root menu item

You can choose to enter your league (s) in a variety of ways. Most will choose one of the two following functions.

1. Simply enter the name of the league into the web page.
2. Creating a table that will display a number of leagues in your CB.

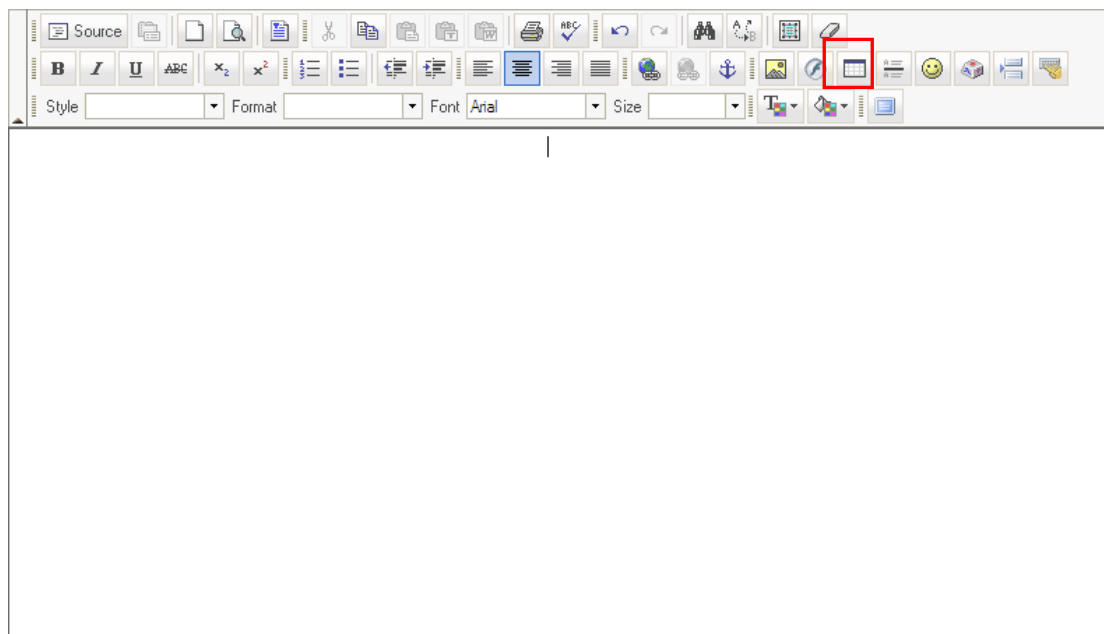

To display one league, simply enter the league your team plays in, into the web page.

You can choose your font, format, style etc from the toolbars in the menu bar.

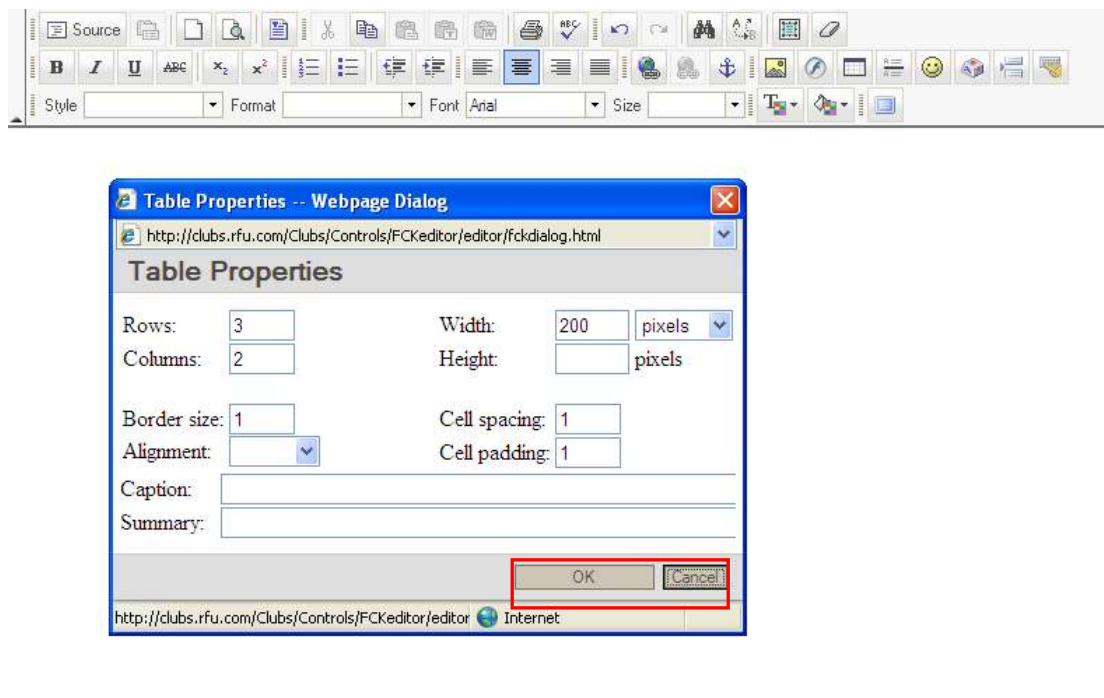

Alternatively you may wish to display your league (s) in a table format.

To do this select the table option from the menu bar.

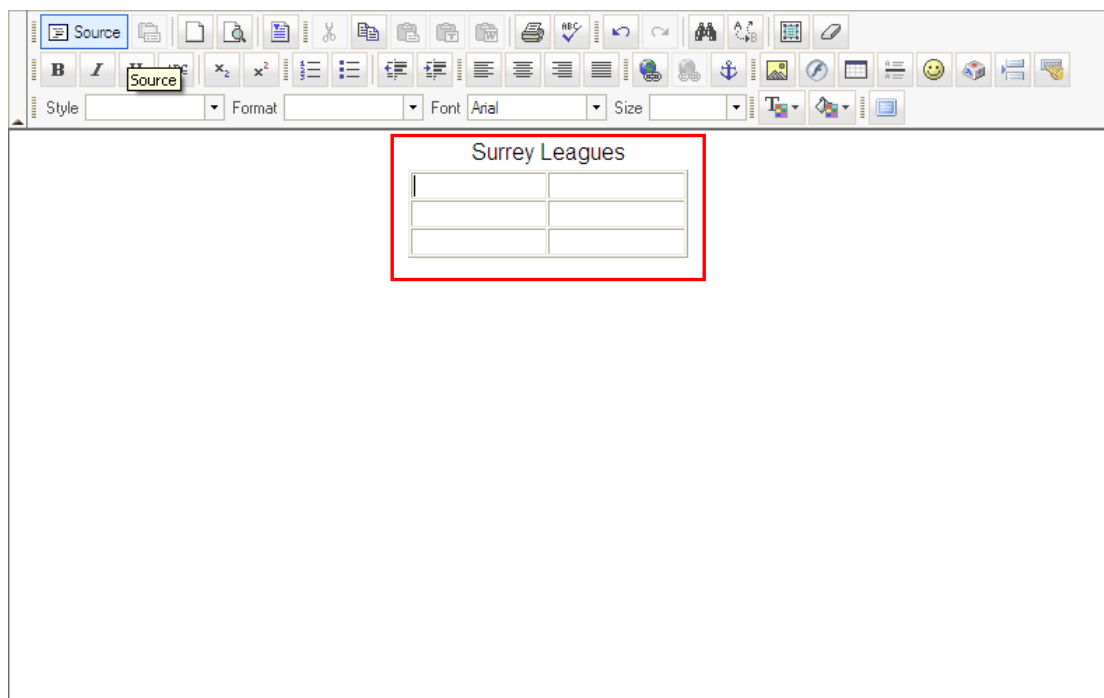

Once selected a new window will open for you populate.

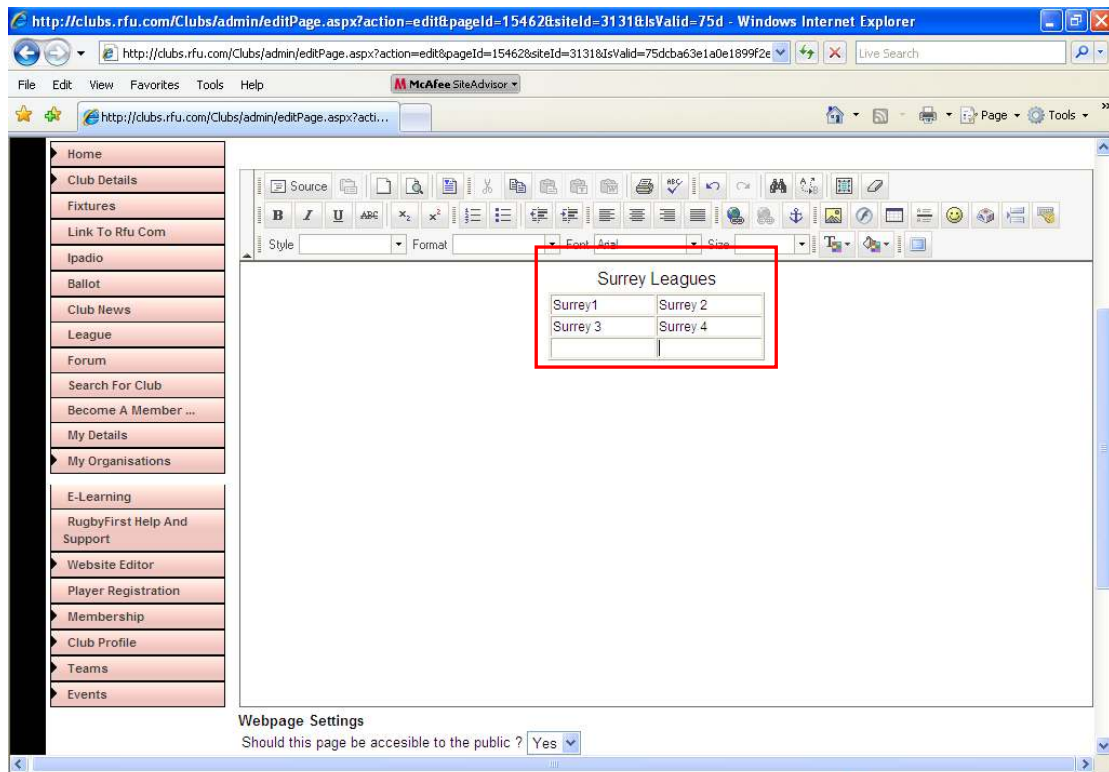

From here you can select the amount of rows, columns etc you require to input the relevant leagues together with a caption option to input a header. Once you have decided on the size of table you require, select ok.

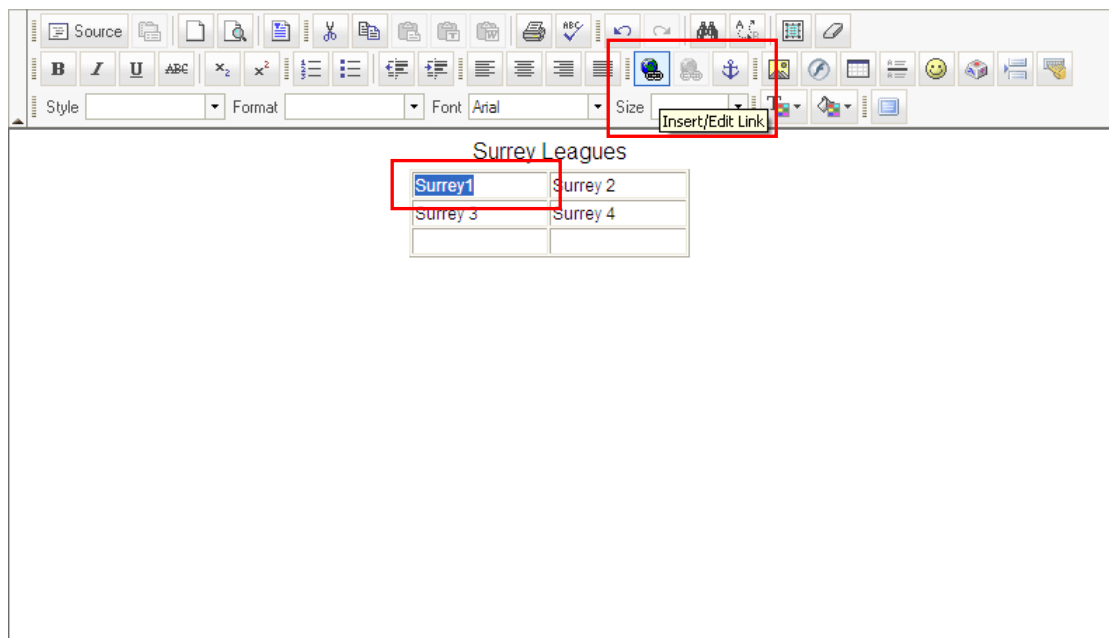

The table will appear in the webpage.

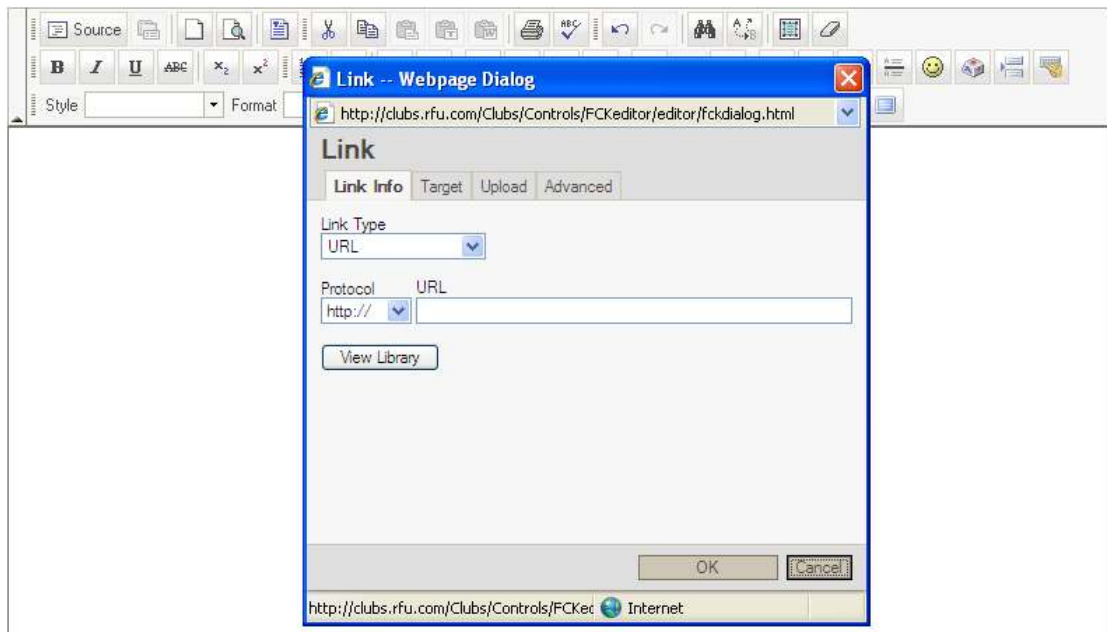

You can now enter the leagues you wish to display.

Once the league details have been entered, you have to highlight one of the leagues and select the insert/edit link

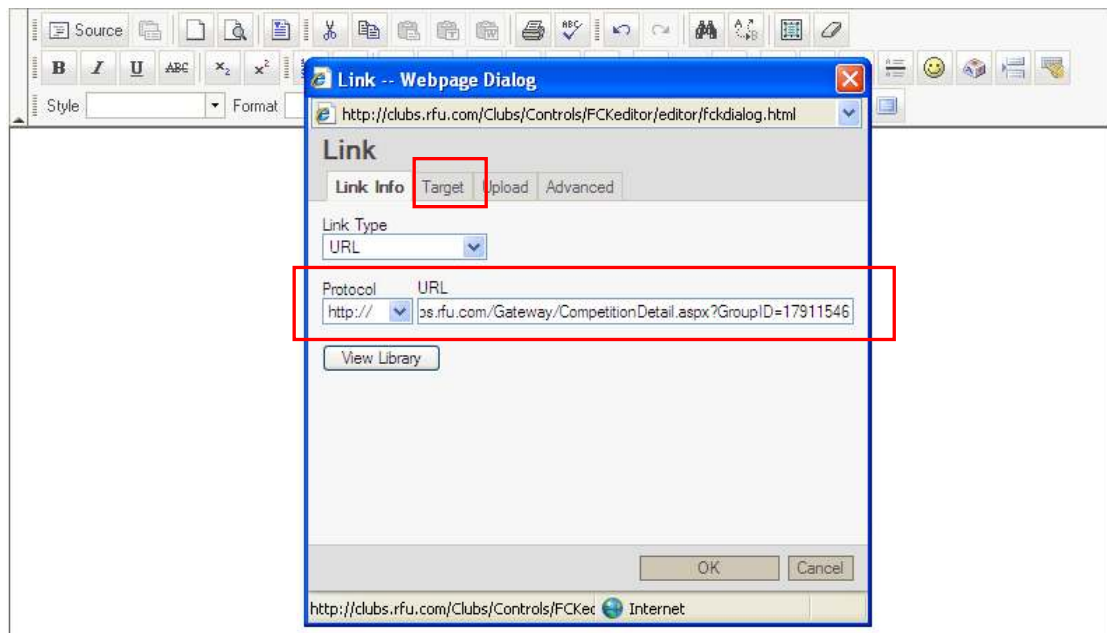

A new window will open.

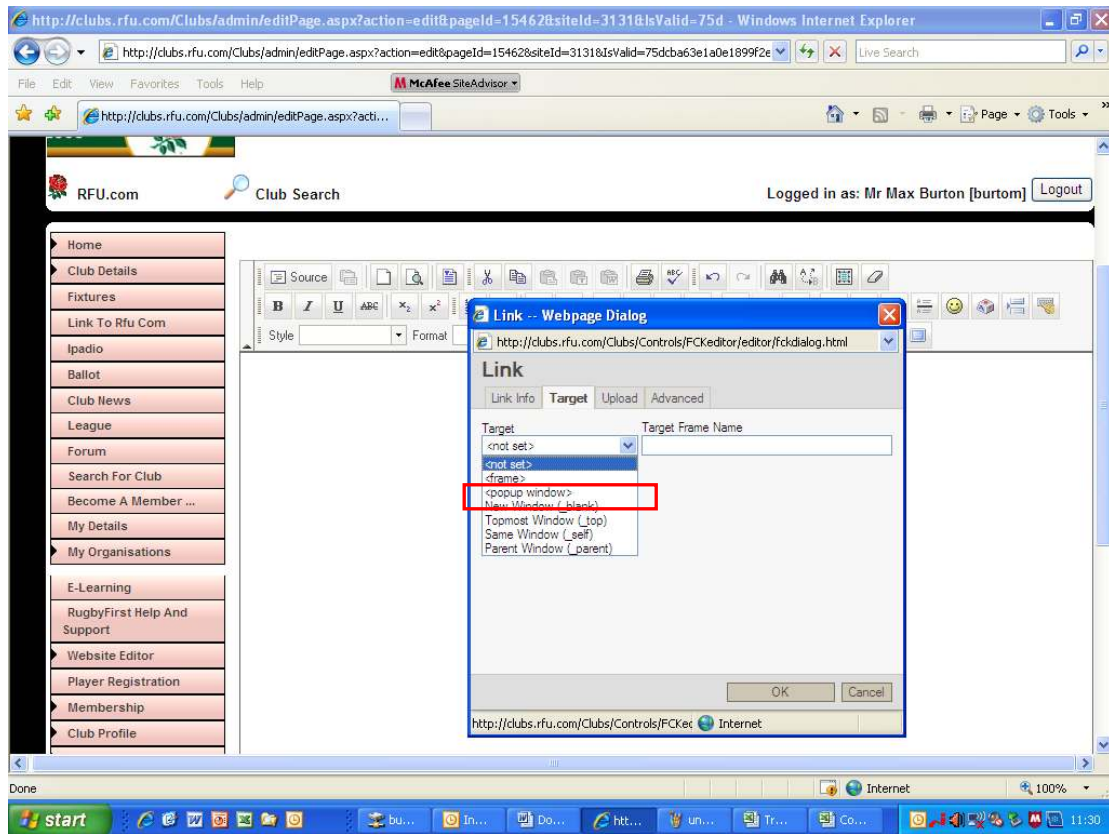

You will now need to input the web address for the league you wish to display. In this case the league is Surrey League 1

The relevant links to leagues can be found by looking in the Create League Link Page and selecting the League Links Icon.

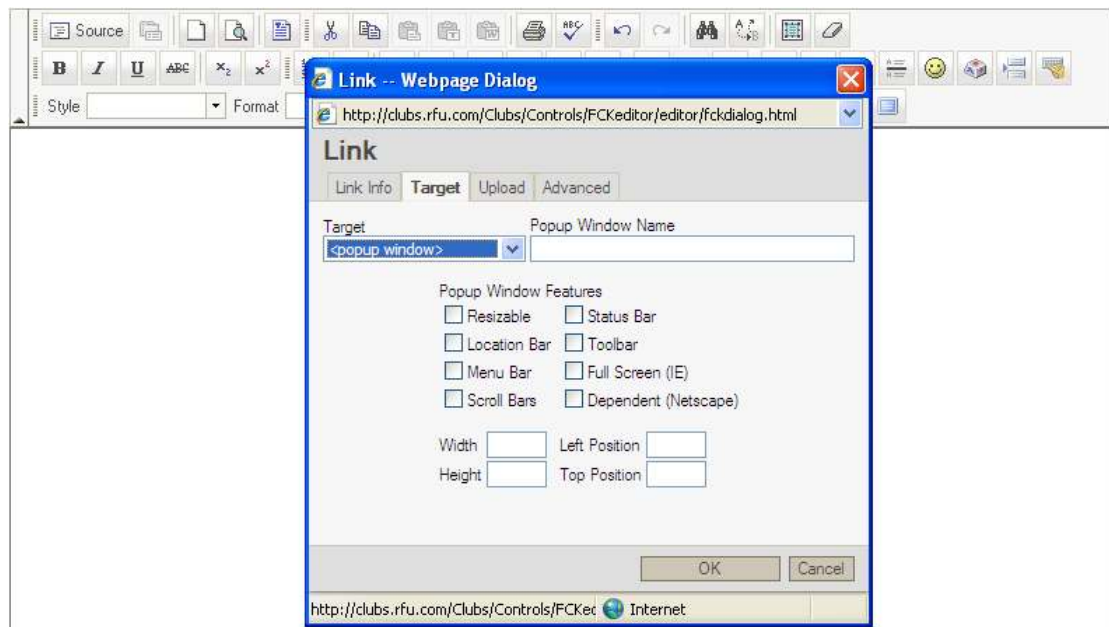

Input the link for the relevant league. Once input select target from the tab menu at the top of the pop up screen.

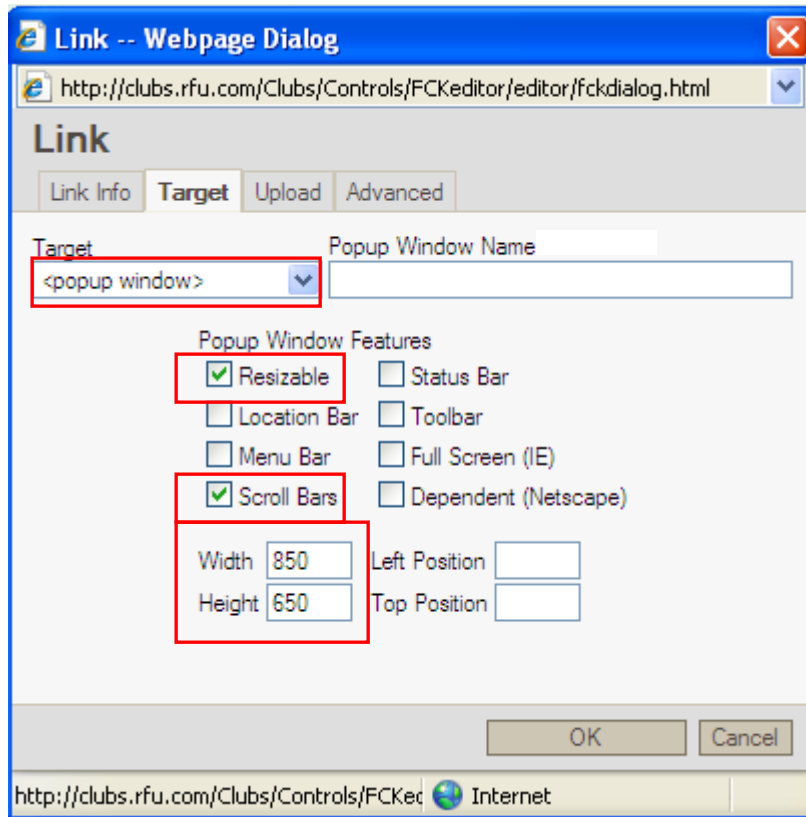

From the target menu, select the target drop down box and select <popup windows>

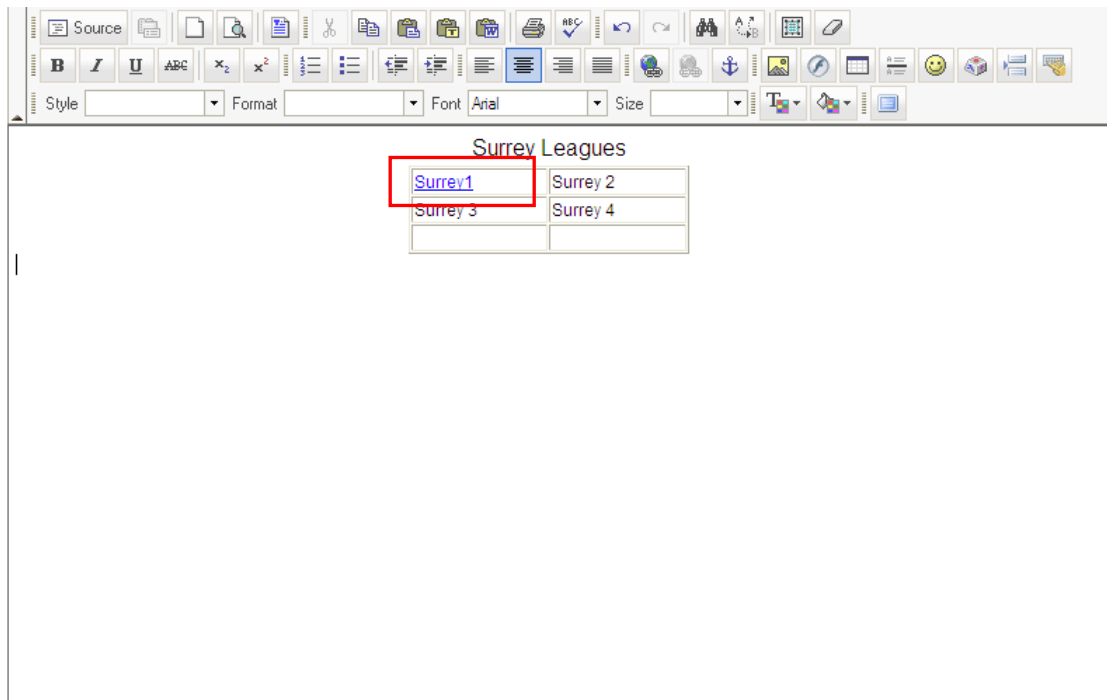

Once selected further options will be made available to you to choose from.

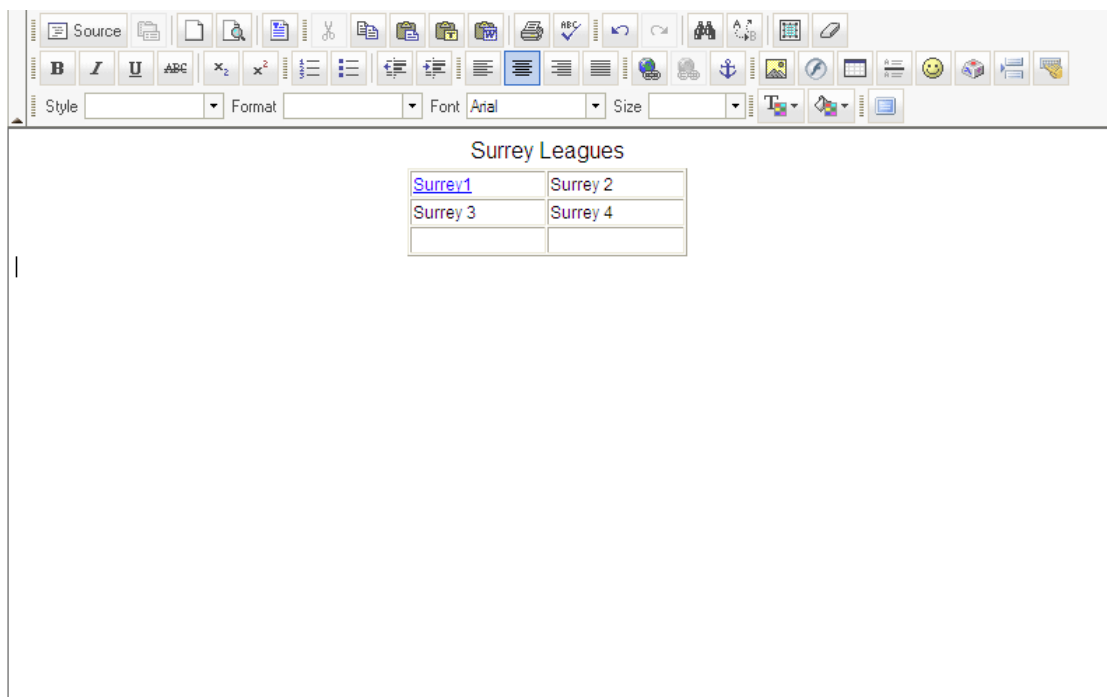

From this menu you have to select Resizable and Scroll Bars. You must also stipulate the size of the window a width of 850 and height of 650 is recommended. Once all the details are input select ok.

You will be returned to the original page with the table of leagues. The league you have just created a link for will now be active i.e. The league will appear blue and underlined, meaning when someone selects that league they will be re-directed to a new page as per the web address you have entered.

Continue this process for the remaining leagues if necessary. Once you have completed the necessary steps and set up the links for the leagues select Save Changes.
